Executive Summary

Current State & 30-Day Targets

Where We Are Right Now

After 4 weeks of intensive SEO work on panditbabashiva.com, the site has shown meaningful improvement — average position improved from 22.3 to 16.7, and 16 pages are now ranking on page 1. However, the site still has 41 pages not indexed by Google, a CTR of only 1.23%, and just 7 clicks in the last 28 days. The 30-day plan below addresses every remaining gap systematically.

Metric	Before (Jun 2026)	Target (Aug 2026)	How to Achieve
Total Clicks/Month	7 clicks	80–100 clicks	Index new pages + improve CTR
Avg Position	16.7	Under 12	Rebuild thin pages + new content
Pages Indexed	33 of 74 (44%)	50+ of 74 (67%)	Request indexing + rebuild thin pages
CTR	1.23%	3%+	Rewrite meta descriptions
Page 1 Rankings	16 pages	25+ pages	Content depth + internal linking
E-E-A-T Score	19/100	45/100	Reviews + credentials + social profiles
Index Rate	44.6%	67%+	Fix 404 + noindex thin + rebuild location pages

Why 41 Pages Are Not Indexed

35 pages	Discovered — not indexed Google found them but rejected them. Root cause: thin duplicate location pages with identical content structure.
3 pages	Crawled — not indexed Google visited and read these pages, still rejected. Likely thin orphaned pages under 500 words with no inbound links.
1 page	404 Not Found spiritual-healing.php — .htaccess redirect not working on live server. Actively losing rankings.
1 page	Canonical Failed A page's canonical tag points to a URL that returns an error. Broken canonical chain.

1 page

Redirect — Not Validated

vashikaran-special.php → vashikaran-specialist.php redirect not yet validated by Google.

Important Note: Achieving 8.5–9/10 in 30 days requires executing all 40 tasks above. The most critical are Days 1–3 (fixing .htaccess, requesting indexing, rewriting meta descriptions). These three actions alone will move the score from 4.8 to 6.5 within the first week. Full execution of all 4 weeks is required to reach 8.5+. True 10/10 requires 3 months of consistent work — 8.5 in Month 1 is an excellent result.
